

## **THE LIGHTHOUSE**

The Lighthouse is a tower that guides the ships at night  
A steady course in darkness. A light that shines so bright  
The Lighthouse brings the Christians a harbor for their faith  
And shines the light for unbelievers. The beacon to the gate

### **(Chorus)**

**Let me be a Lighthouse**  
**A beam of light so bright**  
**Let me share the Love of Jesus**  
**And radiate His Light**

The Lighthouse is a tower but God provides the light  
To illuminate the pathway and give the blindman sight  
The Lighthouse shines the Word of Life through foggy, stormy plights  
And brings the Gospel of our Lord to lost, and lonely souls of night

### **Repeat Chorus**
